

# NEWSLETTER: MINISTRY UPDATE

## \$1K A DAY

Here at Seattle Youth for Christ, we have had such an amazing past few months and wanted to catch you up on some of our biggest highlights, where we see the Lord moving, and some exciting ministry updates! Launching February 20th, we will be on mission to raise \$30,000 over the course of 30 days in our first ever \$1K a Day Campaign! We are praying for individual givers or groups to claim any day February 20th-March 31st to donate \$1,000. With prayerful consideration, we ask that you consider joining us and helping spread the word.

**Interested in joining the campaign?**

Back in November, we hosted our first Give Life Dessert at Emerald City Bible Fellowship. It was an amazing night of sweets, artistic expression, and a great update on all things Seattle YFC. We were also extremely blessed by our End of Year Giving Campaign, MOMENTUM, where our giving partners left us shocked and grateful. It is because of our donors that we are able to sow into the lives of youth in South Seattle.

**MIKE DAVIS**  
Executive Director

Mike Davis has stepped into being our Executive Director as of January! Although he has served faithfully at YFC for years, this transition was the natural next step for him here. Mike brings vision, enthusiasm, and a deep love for the community and Christ. We are thrilled to have him!

Are you following us on social media? We have been active on Instagram and Facebook, and we would love for you to share our account and engage with what we are sharing with the community.

### CULTURED OUTREACH

We are very thankful to be starting our work at South Shore in lunch support every Wednesday and in an advisory role with the objective to develop the students each week by creatively expressing themselves through talks, games, and activities. Each session has twenty-five different students that the administration has identified as needing more attention and support.

### CHURCH PARTNERSHIPS

As part of our Community Aftercare Support Team (CAST), we are partnering with local churches to engage our local schools by helping provide community safety and resources for youth and their families. These churches are Emerald City Bible Fellowship, New Light, Greater New Bethel, and Damascus International Fellowship.

### MINISTRY INTERNSHIPS

After months of recruitment, we are happy to welcome our two new interns, Journee and Chhan 'Tahvi! This is their first time working with Seattle YFC and are helping to develop small groups and work with our local youth groups to be with students and connect with them weekly. Right now, interns are working on love and cooperation by studying 1 Corinthians 13:4-5.
